

HIGH PRESSURE WASHER: PORTABLE, GASOLINE POWERED, COLD WATER, BOSS WASH

This durable high performance pressure washer combines the power of a premium long life twin cylinder engine with a heavy-duty industrial grade direct drive pump. All Stainless Steel frame construction offers lifetime corrosion resistance to compliment the extended life of a full pressure lubricated engine that cannot be matched on other comparable washers. Perfect for jobs requiring high pressure and high mobility: On-site equipment cleaning and auto detailing, graffiti removal, paint preparation, moss and mildew removal from sidewalks and decks, wet sandblasting and more.
