

HOT PRESSURE WASH TRAIL BOSS: SELF CONTAINED, DIESEL FIRED, GAS ST35004VG

Tow behind Hot Pressure Wash Trailer is fully integrated, self-contained pressure washing system. This system is designed with a 185 gallon water supply tank for cleaning at remote sites where water is not accessible. The heavy-duty construction of the trailer and the super duty torsion axle suspension provides a gentle ride ensuring the longevity of the equipment. The industrial grade engine and pump deliver hot cleaning power to get big jobs done quickly, wherever you need to work.

| DISCHARGE CAPACITY | 4 gpm (15.1 LPM) |
| OUTLET TEMP | 140° F (60° C) Heat Rise, Up to 225°F (107.2° C) Temperature limit Switch |
| ENGINE | 16 HP Vanguard V-Twin, Electric Start, Low Oil Shutdown |
| ENGINE FUEL/RUN TIME | Unleaded Gasoline, 7 ½ Gallon Capacity 8 hr run time |
| PUMP | Direct Driven General Pump, Oil Bath, Triplex, Ceramic Plunger pump |
| WATER SUPPLY | 185 Gallon, Seamless Polyethylene Water Supply Tank |
| HIGH PRESSURE HOSE | 3/8" ID X 50', 4000psi (275.8 BAR) 250° (121.1° C) rated |
| GUN / WAND | Insulated Gun, 48" Wand with Nozzle Quick Connector |
| NOZZLE | 3) #4 0°, 15° and soap nozzle |
| CHEMICAL INJECTION | Downstream Soap Injection |
| BURNER COIL | ½" Schedule 80 Steel Pipe, 1" Ceramic Blanket Insulation, Vertical Stainless Enclosure |
| BURNER | Oil Fired, 12v, Automatic Ignition, Forced Draft, Fuel Filter, Fuel Solenoid, 323,000 BTU |
| BURNER FUEL | Diesel #1 or #2, Kerosene / 7.5 gallon capacity |
| TRAILER SUSP/AXLE/BALL | 3700# Torsion Axle, 2" ball hitch Class II, safety chain |
| TRAILER CONSTRUCTION | 12ga steel frame with powder coat wrinkle finish, recessed tail lights |
| TRAILER WHEELS / JACK | 2 – 14" white spoke rims, 5 lug / ST205/75D 14 tires, Bolt on swing up jack 1500# |
| WARRANTY | 1 year parts replacement, 2 years engine |
| NET WEIGHT / DIM LxWxH | 990# 102" x 70" x 51" (NOTE: Add 1500# for water when full) |

NOTE: Trailer brakes may be required in some states *Battery not included (uses Group 24 Battery).

Advantages...

- ✓ **Value:** Complete trailer, tank and Hot Pressure washer in one package
- ✓ **Versatility:** Allows washing at remote sites with on-board water tank
- ✓ **Durability:** V-Twin engine, Triplex Direct Drive Pump, Heavy Duty trailer and Stainless coil enclosure
- ✓ **Performance:** Continuous Hot Water output at up to 3500 PSI tackles the toughest cleaning jobs
