

HYDRO BOSS **PROVEN WASH POWER**

HOT WATER PRESSURE WASHERS
Skid Mounted - Gas Engine –Diesel Fired

3000 PSI
5GPM
BELT DRIVE

Ideal for Cleaning Contractors, Mobile Cleaning (easily mounted on a Truck or in a Van).Truck and Bus Cleaning.

HYDRO BOSS – Puts you in control of your business when multiple Hot Water High Pressure Cleaning is required at various internal/external locations
“No Electricity No Problem”.

HYDRO BOSS – Water Boss SK30005VH has a 16 HP Electric Start Gasoline Engine with a Belt Driven General Pump which provides the power to both the pump and the diesel fired burner for Heavy Duty Hot Water High Pressure Cleaning applications. Only the highest quality components are used and the powder coated frame offers lifetime protection from corrosion.

Simply mount in the back of a pick up or van, hook up to your water supply and your in the cleaning business.

WATER BOSS- SK30005VH

- PSI -3000 (206.8 Bar)
- Volume – 5.0gpm (19.0 LPM)
- Temperature – Up to 225F (140 heat rise)
- Pump –General/Belt Drive. Can pull from Supply Tank
- Gasoline 16hp Vanguard OHV, V-Twin Key Start, Low oil shutdown
- K-7 Total relief un-loader & Safety Burst Disc
- Dimensions L39” x W21” x H41”
- Weight 438 LBS

Standard options

- 50 Ft 4000 PSI High Pressure Hose
- 48” Spray Wand/Trigger Gun

Optional Accessories

- Down Stream Soap Injection
- Wet Sand Blasting Kit
- Hose and Wand Extensions

HOT PRESSURE WASHER SKID: DIESEL FIRED 12v BURNER, GAS POWERED

The Hot Pressure Washer Skid is essential when electricity is not convenient or available and high power cleaning is needed. The commercial duty gas engine provides the power to both the pump and the diesel-fired burner, for hot high pressure washing. The rugged frame can be trailer mounted and is a valuable piece of equipment for any property management company, contractors, farmers, mechanics or anyone who requires a solution to dirt, grease and grime.

TECHNICAL DATA	SK30005VH
OPERATING PRESSURE	3000 psi (206.8 BAR)
DISCHARGE CAPACITY	5.0 gpm (19.0 LPM)
OUTLET TEMP	140° Heat Rise, Up to 225°F (107.2° C) temperature limit switch
ENGINE	16HP Vanguard OHV, V-Twin, Key Start, Low Oil Shutdown
ENGINE FUEL / RUN TIME	Unleaded Gasoline, 7½ gal. 8 hour run time
PUMP	AR Triplex, Ceramic Plunger, Stainless Steel Valves, Oil Bath, Brass Head
PUMP PRESSURE UNLOADER	K-7 total relief unloader, Industrial Fittings, Safety Burst Disc
POWER TRANSMISSION	Gear Belt Drive
HIGH PRESSURE HOSE	3/8" i.d. x 50', 3000 psi, 250°F (121.1° C), Rated
GUN / WAND	Insulated Shut Off Gun / 48" Wand with Nozzle Quick Connector
NOZZLE	#5.5 0°, 15°, 40°
CHEMICAL INJECTION	Optional Downstream Soap Injection
BURNER COIL	½" Schedule 80 Steel Pipe, Ceramic Insulation, Vertical Stainless Enclosure
BURNER	Oil Fired, 12 volt, Low Amp Draw, Auto Ignition, Forced Draft, Inline Fuel Filter
BURNER FUEL	Diesel Fuel #1or#2, Kerosene, 7.5 Gal. Capacity
WARRANTY	1 year parts replacement, 2 years engine
NET WEIGHT / DIMENSIONS	438# 39" x 21" x 41"

Battery not included (uses U1 Battery)

Advantages...

- ✓ **Flexibility:** Gear belt drive pump capable of pulling water from a tank or garden hose
- ✓ **Long Lasting:** V-Twin industrial engine and low speed, high output pump
- ✓ **Rugged:** Skid frame suitable for truck or trailer mounting
- ✓ **Efficient:** 12v diesel burner system provides continuous hot water
- ✓ **Safe:** Total relief unloader, builds up pressure gradually to reduce gun recoil and relieves trapped pressure for improved safety and gun control.
